ABFF01 Scandinavian architecture and urbanism I

Scandinavian architecture and urbanism are presented by some of the most distinguished architects through recent works, competitions and works in office. The significant characters, work methodology and standards of Scandinavian architecture and urbanism are introduced. It also gives a background to architectural and urban traditions in Sweden, Norway and Denmark.

A two-day excursion presents recent and historic architecture in Oslo and Stockholm.

An exercise analyzes a chosen building through a graphic description methodology.

The course involves

prof Håkon Vigsnaes, Jarmund & Vigsnes arkitekter, Oslo

prof Dorte Mandrup, Dorte Mandrup arkitekter, Copenhagen

prof Gert Wingårdh, Wingårdh, Stockholm & Gothenburg

prof Christer Malmström, Malmström & Edström arkitektkontor AB, Gothenburg

prof Kerstin Barup, Barup & Edström arkitektkontor AB, Malmö
